Innovation in Quality & Metrology

Did you know?

Decision makers use trade shows to inform purchasing decisions.

CEIR* research states that executives place a higher degree of importance on fulfilling "shopping" needs at trade shows than did lower-level staff. These decision makers use face-to-face events to interact with new products, find solutions to an existing problem and meet actual users of the products.

*CEIR- Center for Exhibition Industry Research

Making it easier for you to meet with the right industrial professionals is our exclusive Business Matchmaking Program

GOCONNECT

What is GoConnect?

GoConnect is an online platform that enables to schedule meetings between the Pre-registered Visitors of the exhibition with the Exhibitors of the show in advance, with the purpose of **conducting Business**, **exploring Opportunities**, **Networking** and **discovering the latest Technologies** during the show.

Features of GoConnect?

Time Management

Most of the meetings take place on the exhibitor stands where you can meet them face-to-face and discover their products onsite.

Ease of Research

Pre-researching the exhibiting companies will ease up your preparation phase, as it lists in the details of what and who you can expect to see at the show.

Online Diary

Track your meeting request in real time environment providing up to date information through your private online GoConnect account.

User Friendly

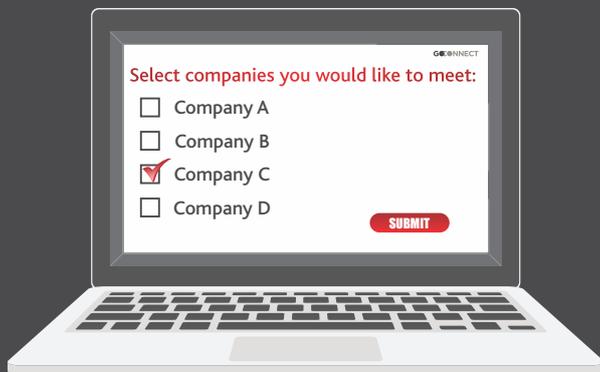

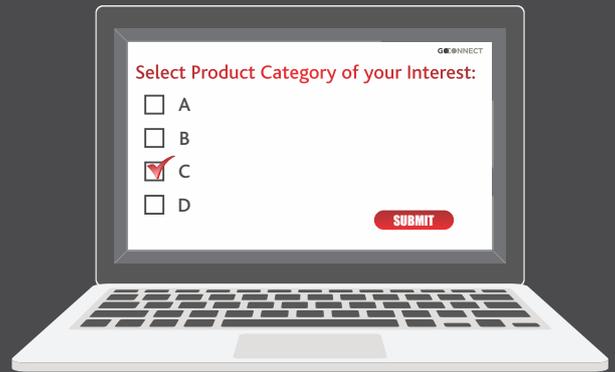

Research through exhibitors' profiles, select exactly who you want to meet, send a meeting request and confirm all your meetings that take place at a convenient time.

How does GoConnect work?

1

Exhibitors and Pre-registered visitors define their desired meeting profile.

2

View list of companies matching the product category of your interest.

3

Fix meeting with desired companies, at a time convenient to both the parties.

Benefits of GoConnect

- Fix one-to-one meetings
- Effective time management
- Prepare for the show in advance
- SMS & Email reminder before every meeting
- Free of cost

REMEMBER!

The GoConnect team will always be available for assistance.

Don't miss out on the opportunity to participate in

GOCONNECT

Official Business Matchmaking Program of

Leading metal working exhibition in North India, which brings together industrialists and knowledge leaders from the machine tools and engineering sector from across the globe under a single roof, to display the solution of the technological innovation of the sector.

Platform dedicated to exploring the technological innovation in the field of Power & Hand Tools. Intertool was started in Austria and has had its edition across the globe. It will be entering the Indian market through this edition in Delhi.

Platform created to enable innovators from across the globe to meet on a common stage and witness technological innovation in the field of Automation & Robotics and how it is changing the face of manufacturing.

An exhibition that brings together manufacturers and users from all over the world on a single platform to create new market opportunities, build new business relationships and share knowledge about the new technological innovations in the sector of Quality Assurance & Metrology.
